

Multi-X GII

CEJN Multi-X is a range of innovative, easy to handle, multi-plates designed to meet the demands of even the most challenging mobile hydraulic applications.

THE NEW MULTI-X GII - IMPROVED IN ALL ASPECTS

Improved seal performance and connectability

Lever assembly much easier to remove for maintenance and service

Compatible with previous version

Reduced weight with same or higher performance
ex. 4 x 1/2" - 1100 gram

Nominal G-thread connection as standard

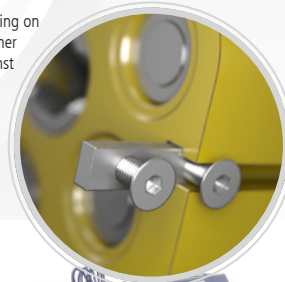

New handle design with aluminum locking button and 17 mm key grip for extension

Improved flow performance

Improved performance in winter service applications

Slot nut mounting on bracket for higher resilience against vibration

Multi-X GII

Available from autumn 2019
